## FORMAL ENTRANCE

Of Senator Jas. B. McCreary Into the Race for United States Senator.

## CARD TO THE VOTERS.

Candidate For Re-Election In Coming Democratic Primary.

TO THE DEMOCRATS OF KENTUCKY: I have in various newspaper interviews declared my candidacy for United States Senator, and I now, over my own signature, submit to you my candidacy for the nomination as United States Senator according to the plan announced by the Democratic Executive Committee of Kentucky.

For the honor conferred upon me in 1902, when I was elected United States Senator, I am sincerely grateful. I have tried to be faithful and efficient, and the manner in which I have discharged my official duties I leave to the unprejudiced judgment of the people of Kentucky.

I have always been in favor of primary elections fairly and legally held, and I have always been opposed to bossism or machine rule. When I was first a candidate for United States Senator the other candidates and myself agreed to a primary election to be held two months before the election of United States Senator by the General Assembly, but the State Democratic Committee did not deem it for the best interests of the Democratic party, and refused to order a primary election.

The proposed primary election is ordered to be held many months earlier than any primary election to nominate either State officers or United States Senator was ever held in Kentucky or in any other state. For many years primaries or conventions in our State to nominate for State officers have been held in May or June of the year in which the candidates nominated were to be voted for at the November election, and it has been heretofore believed that said primaries should not occur when presidential or congressional elections are held, so that national or State issues would be separated.

The primary election ordered to be held on the 6th of November will occur on the regular election day, when representatives in Congress will be elected, and this primary election was called eighteen months before the election of a United States Senator by the General Assembly, and two years and eight months before the Senator elected can take his seat in the United States Senate, and candidates for State offices will be nominated twelve months before they can be elected, the call for a primary to nominate them so early is in violation of the rule adopted by the Democrats at the last State convention in 1904.

The success of the Democratic party should be paramount to the success of the individual, and governing authorities of the Democratic party should act for the benefit of the whole Democratic party and not for the benefit of a few Democrats.

The outlook for Democratic victory in the next national election is brighter than it has been for years and becoming more favorable every day. Kentucky Democrats must give no aid to "rule or ruin" politics, but uphold wise and just politics that will keep Kentucky in the Democratic column with an increased Democratic majority.

I have perfect confidence in the Democrats of Kentucky, and I willingly and gladly submit to their judgment and their action in my aspiration for the second term in the United States Senate.

I have always been a faithful, loyal Democrat, and I have worked and made speeches in every campaign in our State for thirty years, and I have always when in office

given all my time to the faithful discharges of my duties, and when our state had been Republican for several years, and I was requested by the Democratic authorities to take charge of the campaign in 1900, I managed the campaign, visited many of the counties and organized and made speeches, and with the aid of my brother Democrats we redeemed the State from Republican rule and gave a majority to our candidate for Governor and our candidate for President.

Precedents are not lacking in Kentucky for giving to her Senators whose services have proven satisfactory, second and third terms, and as Democrats have not objected to or criticised my record I am asking an endorsement.

Legislation on important questions and the great issues now before our country concern the welfare of the people more than ever before, and I trust my experience and my investigation make me better equipped for faithful and efficient discharge of my duties if I am re-elected.

The Democratic majority in Kentucky is small when both political parties vote their full strength. Our majorities in recent years, as compared with those twenty-five years ago, admonish us of the necessity of earnest and united party action. Every Democrat who participates in the primary election should endeavor to strengthen our party and improve its prospects for victory at the regular election by conducting the campaign on a high and honorable plane, and seeing that every candidate has justice and fair play, and that an honest primary is held and every vote counted as cast.

Respectfully,  
JAS. B. MCCREARY,  
Richmond, Ky., June 28, 1906.
